Traditionally Who Pays for What

Before you start planning your wedding, it is important to set your wedding budget. This avoids any unwanted surprises. Decide what is most important to you and your fiancée and plan your budget accordingly. There aren't absolute rules on who pays for what. In today's world, it is not unusual for the bride and groom to pay for everything or for the groom's family to share some of the financial obligations of the bride's family. Some of the traditional financial division has changed over the years. Communication with all parties involved is vital in setting your wedding plans.
